

LEGALETT

RESIDENCE - 5314

This executive residence was built on an 8" Legalett Frost-Protected Air-Heated "Slab on Grade" system.

Mechanically, the system consists of three Legalett water coil heaters, with each of the heating inserts providing heat for up to four independent zones, controlled by means of programmable thermostats.

Long term benefits of choosing the Legalett system:

- *Lower construction costs (No footings required)*
- *Reduced heating costs, compared to conventional forced-air systems*
- *Comfortable warm floors and moisture-free indoor air quality*
- *Minimal impact on the Environment*

Location: ... **Ingleside, ON**

Installer: **Teixeira Construction**

Heated Slab Area: **3,764 sq. ft.**
