

LEGALETT

RESIDENCES - 6126

This project consists of two four bedroom bungalows built on independent Legalett designed Frost Protected 5" Air-Heated Slabs-On Grade.

The mechanical aspect consists of one Legalett electric coil heater in each bungalow, controlling temperatures in four independent zones by means of programmable thermostats.

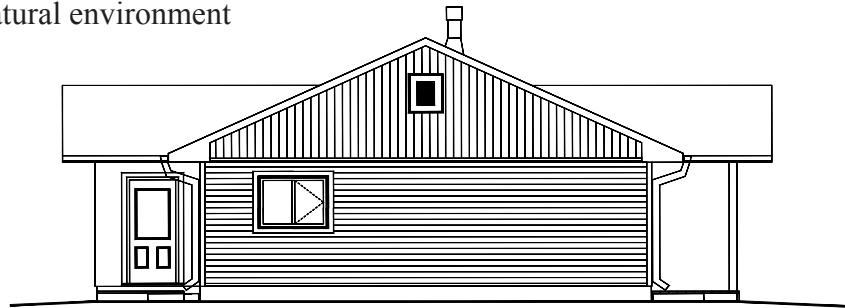

Long term benefits of choosing the Legalett system:

- Reduced construction cost compared to conventional foundation systems
- Comfortable warm floors and quality indoor air
- Minimal impact on the natural environment

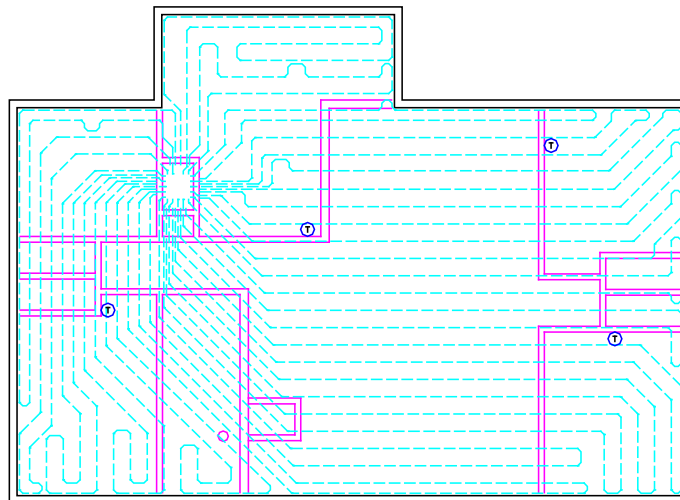

Location: ... **Bearskin Lake, ON**

Sales Rep: . **KeiGee Sales**

Installer: **McDiarmid Lumber**

Each Heated "Slab on Grade" Area: . **1,240 sq. ft.**

" Designed for Comfort, Engineered for Simplicity "
